Dear Mr. Spanos,

We are writing to express our thanks and gratitude for your contribution, expertise and time as a guest lecturer to the ENVS 677-660 Sustainable Agriculture and Product Stewardship class on Monday, September 21, 2020.

Your high-level experiences and insights on the EU Green Deal were most helpful for our students in the class and provided a global perspective to them.

Please accept our sincere appreciation for all your support and cooperation.

Sincerely,
