

Dear sir/madame,

Global Sustain has been an excellent partner for Coca-Cola Hellas S.A. for the last eight years, bringing new innovative ways to help us manage and communicate our sustainability strategy and actions in Greece.

In addition to Global Sustain creative thinking around marketing and communications, they provide us excellent customer service keeping us updated for the latest sustainability trends and services.

With Coca-Cola's commitment to sustainability, we looked to Global Sustain as one of our core partners in engaging our stakeholders and disseminating our sustainability values through Global Sustain network and expertise.

We truly recommend Global Sustain as a reliable and sustainable partner.

Kind regards,

Sofia Kilifi  
Public Affairs and Sustainability Manager  
Central and Southern Europe
