WORKSHOP

LEADING WITH VALUES FOR ORGANIZATIONAL EXCELLENCE - WHAT IS IT ALL ABOUT?

Reflect on the most important values that guide you in life, as professionals and as human beings, understand if you are bringing these values to your work environment and explore if your work environment operates under a system of shared values that can maximize employee performance and what is the role of your leadership in this.

Whole System Transformation with VALORE™

A whole system approach calls for integral and simultaneous actions in all four dimensions

BIO: ELIZABETH FILIPPOULI

CEO/FOUNDER, GLOBAL THINKERS & GLOBAL THINKERS FORUM

Elizabeth Filippouli is an entrepreneur and communications & business strategist with particular focus on social entrepreneurship, innovation, future trends and visionary leadership. She is the Founder & CEO of Global Thinkers, a UK-based and internationally operating Strategic Communications & Business Development consulting firm and of Global Thinkers Forum, a non-profit think tank bringing together incumbent and future leaders and promoting excellence in leadership and governance.

Elizabeth has studied Strategy and Innovation at Said Business School Oxford University, Transnational Media and Globalisation at London City University and taken the Harvard Kennedy School of Government Executive Education program on “Shaping Change in the Information Age”. She has conducted numerous workshops, training sessions and speeches on Values-Based Leadership for Resilience and Maximized Performance for commercial and non-profit organizations in Europe and MENA.

Born in Athens, Elizabeth’s background is in media having worked as a journalist with Greek press and TV and international organizations such as Al Jazeera English and CNN. As a media expert she has worked among others with the Olympic Games (Athens 2004), the Eurovision, the National Lottery UK and Coca Cola.
