

CERTIFICATION OF CARBON NEUTRAL WEBSITE

This is to Confirm that all GreenHouseGas emissions of the WEBSITE

[‘http://sustainabilityforum.gr’](http://sustainabilityforum.gr)

as sourced by its function (**Owners, Hosts & Administrators** running and maintaining it, **Users** surfing and visiting it) **are continuously been evaluated** using an advanced open-source tracking and calculation methodology,

in accordance with the principles of [WRI/WBCSD GHG PROTOCOL](#) & [ISO 14064-1:2006](#).

These emissions are continuously being fully offset since the Issued Date either until the Cert’s Capacity burn-out or for 365 days since the Issued Date

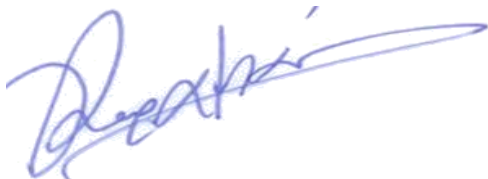

following the [CO2 NEUTRAL SEAL](#) Rules through high quality Carbon Credits generated by the Project

[“Capacity Upgrade of Gunung Salak Geothermal Power Plant Project”](#), in Indonesia with ID Num [10000000000180](#) of the **Markit Registry**

The Offset Transaction ID in Markit Registry is **Serial No.:** 849-40628267-40628267-VCU-009-TZ1-ID-1-144-01042006-31032009-0

The used Carbon Credits have been verified via the

[VCS – Verified Carbon Standard](#)
