Isostevia was founded in 2013, in Livadia. The 100% natural sweetener isostevia has zero calories and zero glycemic index, ideal to meet the needs for a healthy lifestyle without sugar and artificial sweeteners. The success of Isostevia products is due to the fact that they are consumed not only for health reasons as a medicine, but also because of their quality and taste.

We will meet with the Founder, Antonis Panagotas, a sustainable, multi-awarded entrepreneur (including the prestigious Stelios Haji-Ioannou Award for Young Entrepreneurs), who will guide us through the production facility, and help us acknowledge the quality and safety of the stevia plant.
